

MetaGuard MGC Series

Cast Wrap Film Overlamine
(Matched to MDC)

MetaGuard MGC is a premium cast overlamine, with a permanent solvent-based adhesive. When used together with its partnered print media, MetaCast®, it provides a matched system to prevent tunnelling or delamination.

It is highly conformable with great ease of application and has been engineered to give long term dimensional stability whilst providing durability to the print.

Metaguard MGC has a 10 year durability, and is assured by a MetaSure 10 Year Warranty.

Performance you can trust
